

Culture and Values

At OneTrust, winning is a priority and building trust is imperative. Every employee has a role in shaping our culture. We all have a responsibility to live out our values and to build a company that we all want to work for.

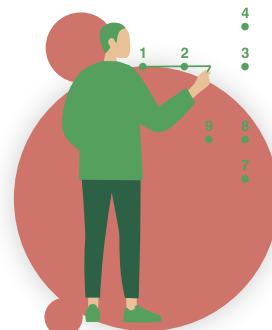

Earn Trust

- Be open & transparent even when messages are hard.
- Do the right thing when no one is watching.

Build #OneTeam

- Everyone has the same three jobs: selling, supporting customers, recruiting.
- Open door.
- No smart jerks.

Be Curious

- Save a seat at the table for our employees, customers, and partners.
- Both are true. Listen as if the other person is also correct.

Unlock Customer Impact

- Know our markets, products and customers.
- Unique context requires unique solutions.
- Move fast, follow up quickly.

Step Up, Be Accountable

- Show up.
- Speak up, escalate together.
- Disagree and commit.

Finish Stronger

- Play to win. There's no second place in software.
- Don't give up. A "no" is just the beginning.
- Celebrate after crossing the finish line.
